Gulfview Job Expansion OK

Enlargement of the addition to Gulfview School to provide new classrooms was authorized by the county board of education at a special meeting Monday morning.

The action came after Walter Phillips, board attorney, and J. Orte, Beat 5 member, checked with the attorney-general's office and been told the project might be under-

taken without seeking new bids through adoption of a change order in the original specifications.

James Trivira, successful bidder at \$7,890 for the classroom for \$4,713, a total cost of \$12,603 for the entire addition. Superintendent K. G. McCarty said he had checked with state authorities and might be able to apply the budget surplus from 1960-61 to this project rather than having it revert to the state. Phillips advised him to get clearance first from the auditors on this to avoid any penalty on home-stead exemption money. He cautioned that minimum program and sinking bond funds cannot be touched in this instance.

Approval of the extra classroom came on a motion by Orte, seconded by Beat 3 Trustee Lugs Necaise. While the vote was unanimous, Alton D. Keller of Beat 2 expressed hope Phillips would "keep us out of trouble on this. I'm leary about it, particularly if the enrollment doesn't pick up."

Orte said Gulfview has a definite enrollment this fall of 135 with commitments for 45 more pupils in January. He contended that adequate facilities would encourage people to move to the Lakeshore area and put their children in school there rather than use private facilities.

The superintendent noted that \$9,600 had been budgeted for the addition and the change order would run \$3,003 over that allowance. He indicated existing seating can be used with some repairs and study must be given to securing another teacher.

Rename Board Physicians Ask

Local physicians practicing at Hancock General Hospital yesterday asked the board of supervisors to reappoint to the hospital's board of trustees the three members whose terms expire this fall.

Signed by Dr. Frank Schmidt, chief of staff, and Drs. A. P. Smith, A. K. Martinovich, Jr., and

W. L. McFarland, the letter cited great progress made for the care of the sick through the supervisors' efforts as entrusted to the seven hospital trustees. It commended the tireless work of Judge Frank M. Selph of Beat 4 and Trustees Norton Haas and Kenneth Pepperdine, appointed members at large, in petitioning the supervisors to consider their reappointment in light of their past work.

The board took no action on the petition, copies of which had been sent to the individual members.

A letter also was received from Norman Renshaw protesting views expressed by Wilson Webb, Frosty Inn operator, concerning commercial development of property in the vicinity of North Beach and U. S. 90.

Study of whether the State Nutrition Council will provide instruction locally on use of commodity foods, particularly dried milk, after the council wrote about need for education in this field.

At Monday's session the board learned oil and natural gas severance tax paid to the county this year totals \$1,443,26, the Ansley Field yielding \$1,105.54 on a 59 mill rate, and the Kiln Field \$337.72 at 65 mills.

Tax Assessor George Heitzmann expressed the view this assessment may put the county over the \$15 million figure for 1961 which will mean a revision in pay scales for various administrative county jobs. Final figures will not be available until after the automobile assessment is completed in November.

Mr. and Mrs. Oliver Childs of Mobile, Ala., wrote protesting conditions surrounding their recent arrests on speeding charges and asking that a bonding company be established for tourists arrested here because they could not pay.

Bills Approved But County Still Empty

By a 3-1 vote with President R. G. Hubbard, Jr., as the lone dissenter, the board of supervisors wound up an argumentative month early Wednesday afternoon by approving legal claims for July totaling \$7,372.59 on the bankrupt county general fund.

Hubbard cited lack of funds for fiscal 1961 as the basis for his opposition to the motion offered by I. M. Frierson of Beat 2 after Board Attorney Lucien M. Gex reported on his communications with the attorney-general's office on legality of approval.

It looked for a while as though the July claims would be turned down when Beat Supervisor Charles Russ said he did not want to pay them because there was no money. After a half hour discussion during which Gex first called Hubbard "capricious," "arbitrary," "and malicious" then pleaded with him to reconsider his dissent in view of the attorney's interpretation of the law, it developed that Russ meant to approve the claims but not their payment. Payment can't be made anyway under the state code because there isn't any money.

Hubbard conceded the legal basis for approving legal claims but argued against exceeding revenue through this action. He said that when he talked with the attorney-general's office after Gex's phone call there, he had cited that exceeding revenue would open the way for unlimited spending and was told he could vote against any bill but should not exceed the budget. "Then we could build roads without any bond

issue," he contended. "This just throws things wide open."

"This is just the way we found the general fund," Frierson retorted. "Just like it is now."

Hubbard turned to the board's auditor, Chancery Clerk Clarence Ladner, and inquired if this were so. "The fund was about \$3,000 in the red," Ladner replied. He produced the Hancock Bank's report that the fund totaled \$9,057.81 on Jan. 4, 1960, when the present administration took over, and said he was about \$3,000 short with the December bills to be paid from that amount. The clerk contended that his predecessor had exceeded his budget by \$39,000.

Hubbard retorted the prior administration had not exceeded revenue. He acknowledged that he himself had exceeded his budget in 1959 and 1960 because it was not amended, but he had not gone over his revenue.

"The county was broke when we came in here," Frierson countered, "and you're trying to throw all the blame on Jimmy (Necaise), Charlie (Lavinghouse) and myself."

(EDITOR'S NOTE: The last date for near accurate comparison prior to Messrs. Frierson, Necaise and Lavinghouse taking office is Oct. 1, 1959. At that time the balance in the county general fund was \$23,641.35 and the bills for the bills for September totaled \$7,927.84.)

It is the custom to borrow on anticipated taxes, Hubbard observed, arguing that such borrowing early in the year does not mean the county is in the red. Gex said the county is supposed to end the year even. He then advised that bills cannot be held over except for correction. Failure to approve them before the month's end meant that creditors had to go to court to collect, and those voting against approval would be liable on their bond.

Hubbard reiterated his stand since no funds are available and the attorney remarked that his "head is harder than this table." After the attorney-general was consulted Hubbard would not believe that advice, he charged the Beat 5 supervisor was in violation of his oath and bond to carry out his duties. The attorney then endeavored to persuade Hubbard

50% Gas Rate Hike Voted Outside City

A 50 per cent increase in natural gas rates for those living outside Bay St. Louis and using city gas will become effective Oct. 1 as will an eight cent per 1,000 cubic feet increase for commercial users under the provisions of an ordinance adopted last week by Mayor and Commission Council.

No increase in domestic rates for city dwellers was made. The commercial rate hike resulted from a near identical increase in cost to the city of 7.9 cents per 1,000 since 1958 when present commercial rates were established, council explained. Domestic gas users outside the city will pay a flat 50 per cent more than those living inside the city as is already the case with water users and is more or less standard practice.

Seven rate increases to the city, now being collected under bond by United Gas Transmission Co., are scheduled for hearing Nov. 28 before the Federal Power Commission.

19-Month-Old Infant Drowns in Home Pond

A 19-month-old Logtown child was drowned Wednesday morning in a minnow pond at her parent's home.

The victim was little Janice Stephens, twin daughter of Mr. and Mrs. Daniel Stephens. She was discovered in the pond by Susan Mons, 6, who had accompanied her father, Joseph Mons, to the Stephens home to do some work.

Mons and Hugh Odom attempted unsuccessfully to give the child artificial respiration.

Sheriff Gerald V. Price estimated it was five to 10 minutes before the child was discovered in the pond which was about 18 inches deep. He said it was a tank which the father had built some ago for the late Randolph Bourgeois, then game warden, to keep minnows in.

The sheriff baptized the child in his religion upon learning she had not had that church ritual.

A coronor's jury impounded by Coroner Emile Piazza returned a verdict of death by accidental drowning. Jurors were Odom, Mons, Gerald V. Price, Jr., Ronald LeFontaine, N. C. Rhodes, W. J. LeFontaine and Sheriff Price, bailiff.

The Stephens who reside near the intersection of Rts. 601 and

43 had ten children, eight of whom are living. Survivors include the child's parents, seven brothers, Dwayne, Leo, Odell, Eugene, David, Grady and Clinton, and one sister, Gerline.

Funeral services were this morning from the home with interment in Logtown Cemetery.

Hits Nation's Waning Faith

Erosion of our own faith and patriotism plus the existence of world communism seriously threatens the United States and the finest example of government the world has known, Rotarians were told yesterday by Wendell Craft, Tylerstown, Mississippi member of the national executive committee of the American Legion.

We have given up our time honored beliefs and strengths in an effort to be popular in the world without obtaining the latter, Craft asserted in criticizing this country's foreign policy since the early 1920s, particularly our leaders' failure to recognize the aggressive nature of communism's No War, No Peace policy and to prepare against it.

Gridiron Fever Rolls Around Again

With only two first-stringers returning from last year, the Bay Tigers under Head Coach Tompkins are holding practices daily, with 30 boys in the squad.

The defending Gulf Coast Conference opener, Sept. 15, against

ference champs of the past two years are hoping that boys up from a good junior team, which the Tigers have had the past few seasons, will be able to gain experience early in the season and that the veteran duo of quarterback Ronnie Peterson and halfback Bobby Van Calsem, both seniors, will perform as capably as last year.

Peterson and Van Calsem are the only starters back, the entire line lost by graduation. Several easy victories last year, however, enabled second and third team players to gain a little experience and ten other lettermen besides Peterson and Van Calsem return. The Tigers still have two weeks yet to get ready for their

at-rival Pass Christian. The roster of boys on the Tiger squad is: ends, Don Seacrier, Frank Miller, Richard Schaefer, Ross Maurig, Tim Fagan, and Teddo Thomas; tackles, Bill Pehlman, Warren Traub, Tommy Summers, Giles Bryant and Alvin Ladner; guards, Alfred Wams, Larry Favre, Jerry Thomas, Donald Everett, Chuck Breath, Billy Thomas and David Carter; centers, David Smith, Peterson, Hammy Morel, Leroy Luke, Ronnie Russell, Corky Schindler, Morris Lizana, Bobby Van Calsem, Charlie Breland, Dick Wams, G. Mayfield, Mike Lee. Danny Henry is manager of the team.

The Rockhewers were scheduled to play St. John's of Gulfport Saturday, Oct. 28, for their homecoming game, but St. John's cancelled the game. As all schools have their schedules completed, Stanislaus is trying to find a team having an open date that weekend, but Head Coach Reuben Ruiz and his staff have had no luck as yet.

Winless Hawks Open Practice

The North Central Hawks began practicing for the coming football season Monday with from 20 to 25 lettermen returning from last year's squad.

The Hawks have six home games on their schedule, but if the new lights for the grid field are not completed, those games will be switched to their opponent's stadium, according to Coach Claude Renfro.

Renfro, in his first year at North Central, reported practices have been rather slim with only 11 boys out so far, but he expects to have more within the next few days.

Last year's Hawk football squad was winless but this season

Polly At Waveland

The storm before the calm — Labor Day weekend, which is just approaching — of course we realize that we have our tired phrases reversed, but that is exactly what is meant. . . the old town is lively indeed at present and will become even livelier as the weekend approaches — but come Tuesday morning, Sept. 5, . . . as the last vacationer, trailer in tow passes out of sight, most of the children trot back to school and a few permanent residents (some of whom have been in virtual hibernation since June 1) pull into surprisingly vacant parking spaces — Waveland will settle down for its long winter nap — As this is still several days hence, . . . we'd better catch up on some of the happenings while things are still buzzing.

Get Well Wishes

To Dick Mestayer whom we are gratified to hear is somewhat improved, although still a patient in Baptist Hospital; to Dessie Grigsby, who returned from Hattiesburg last Thursday following major surgery, Mrs. Ruth Mettler who accompanied Mrs. Grigsby to Hattiesburg reports that she is making a remarkably fast recovery, very special hope you're feeling better greetings to our good friend Mrs. Charles A. Bradley who has also been under the weather.

Billy McCall insists he's running competition with Harry Lynch — becoming the grandpa of the newest little Haydell, . . . Annette, . . . who arrived at Baptist Hospital Aug. 18 weighing a trifle under six pounds, . . . and being the fourth daughter of the J. L. Haydells, who formerly made their home in Waveland.

A reluctant farewell to Agnes and Don Reynolds who are no longer with us having been transferred by Tennessee Gas Co.

Bess Wagner tells fabulous tales of her visit to the BIG city. . . said they did everything they had planned to do except visit Vermont and Montreal. . . there just wasn't enough time.

Mrs. Carl Gustafson, who with daughter, Mrs. Fred Wilkes and children, recently returned from a Pensacola, Fla., vacation, said they had a wonderful time — they were joined in Pensacola by Mr. Wilkes who had been in Cape Canaveral on business.

Other Florida vacationers include Doris and Jack Seuzeneau, Cheryl and Jackie and Elaine Davis, Elaine, II, and Doris, . . . they were joined by Rip Kennedy Saturday night. . . Destin was their destination. . . ye gods — what a horrible pun — though entirely unintentional.

More Progress

Worshippers at Waveland Methodist Church now perform their devotions in complete comfort, the church being completely air-conditioned.

Anniversary greetings — belatedly to Marian and Wesley Dorn, they observed their first anniversary last Monday. . . to Helen and Will Borgeas and the Vogts, Doris and Cliff, whose anniversaries were Monday, Aug. 28, they celebrated the joint occasion with Nettie Burleigh and Sam Borgeas Sunday night, both of whom had birthdays on the 27th, at a large party at the Lakeshore Country Club otherwise known as Borgeas Fishing Camp — some of the guests were Shirley and Ed Hawkins, the John Gohres, "Wolfe" and Ray Borgeas, Belle and Charlie Peterson, Josie and Clarence Herbig, Louise Becker, Jean Charbonnet, Mattie and Lloyd Garcia, Gloria and Herbert Peterson, Ruth and Matt Ballatin, etc., etc.

Thelma Dickson has been babysitting five little McCrearys while their parents, Mr. and Mrs. E. E. McCreary attended a convention in Biloxi. Arriving Saturday for a visit with the Dicksons was Thelma's cousin, Mrs. James Hendry and son Donnie of Mobile, Ala.

Sunday was a big day in the lives of Nell and Eddie Bourgeois. . . their first son (and only child incidentally) was christened at St. Clare's — immediately after the christening Father Costello blessed the shrine at their home — the home of Mrs. Margaret Bourgeois on Broad. . . she's the paternal grandmother the Alton Stiefels are the maternal grandparents.

Around the Alleys

Lynn Reeves of Pass Christian in the Summer, New Orleans in the winter months, can be seen at the bowling alley frequently — she's one of the most proficient bowlers around these parts. She's a member of the Scratch League in the Crescent City — to bowl with this league a 145 average is the minimum. . .

Speaking of bowling, . . . the Never Was mixed bowling league buzzed (ouch) at Haverly's last Monday night. . . Andy Martinovich presented the trophies and Waveland members of this league just about walked away with all the honors. . . Dot and Merlin Markel and Laurie and Dave Pindexter were the leading foursome — Merlin Markel topped the award for the high single game, Fred Rose, high average and Georgette Torgersen and Lot Markel, most improved bowlers.

Just about everyone who has a summer home here seems to be taking advantage of same in these last vacation weeks — Among those are Yvonne Claiborne Humphries (Mrs. Jack), the two little Humphries and Mrs. Duralde Claiborne are spending some time at their Nicholson Ave. home — the Al Fairs, the Tortariches of Sears Ave., the Alexander Tenevines, the Leo Pedarres, the Dunlaps of Spreading Pines, the Kenneth Waltmans the Joseph D'Hemecourts, and many, many more.

Vacationing at the Donald Halsey's summer home last were Mrs. Fred Horner Bunting who was joined over the weekend by Mr. Bunting who is a member of the State Department. . . he was recently attached to the American Embassy in Pakistan.

Bridget McMahon and sister, Sara Britling have returned from New York City where they watched nephew, Joe McMahon's Jun team walk over all competition in their baseball tournament.

Beverly and Bernie Danner and a literal shus of friends are spending some time in the large home on Coleman Ave. . . now owned by Earl Downs. . . Last Saturday the group enjoyed a Luau complete with tiki lights — I think the observing bystanders enjoyed the feast almost as much as the participants.

Mr. and Mrs. Ira Crockett and daughter, Marie, of New Orleans attended a chicken barbecue at the Stewart Mocklin's summer home in Farrar Villa last weekend. Among the guests were Ned and Ross Mocklin, Ted Crockett and Mary Anderson. Earlier in the week Mrs. Stewart Mocklin (the former Doris Bigueset) entertained Mr. and Mrs. Bert W. Schleissman of New Orleans and their five children, Danny, Greg, Michael, Donna and Ann.

Complaint Dept.

This is becoming a tired old refrain — but perhaps if we keep hammering away on the subject some parents at least will pay some heed to our pleas to either forbid their small children to ride bicycles in the streets or give them a few basic instructions in safety. . . Last week a little boy about seven years of age — (we won't mention names) rode across the railroad tracks on Nicholson Ave. . . on the wrong side of the street, "no hands" — very good brakes prevented a tragedy — but such episodes are numerous and new grey hairs are being added to the aging locks.

We're a bit late, but a very

Davis-Melvin Nuptials Spoken at Biloxi Church

Tall baskets of white gladioli interspersed with greenery adorned the altar of Our Lady of Fatima Catholic Church, Biloxi, for the wedding Aug. 13 of Miss Joyce Elzoda Melvin, daughter of Mrs. Ola Mae Moran of Biloxi to James H. Davis, son of Mrs. Raymond Levell of Biloxi, formerly of Bay St. Louis.

The double ring ceremony was performed by Rev. Lorenzo Diamond, assistant pastor.

Given in marriage by her grandfather, Frank Senseney, the bride wore a patio length frock of white Florentine lace. The bodice featured a square scalloped neckline and long sleeves ending in cello points; the full skirt was designed in four tiers banded with lace. A crown of seed pearls and rhinestones held her finger veil of silk illusion and she carried a bouquet of white feathered carnations centered with a white orchid. Her only ornament was a single strand of pearls, a gift of the groom.

Attending the bride was Miss Maureen Vlahov, Rodney Darouen was best man, Young Janice and Jerry Ross, twins, were flower girl and ring bearer, and Lawrence Melvin, Jr., brother of the bride, and Larry Rosetti served as ushers.

Ronnie Favre are enjoying a California vacation and a visit to Disneyland.

Mrs. Slim Jenkins and daughter, Ann Langley, had the beginnings of a good interview with a gentleman bent upon riding from Sarasota, Fla., to California on horseback on the Bay Bridge last Wednesday — they didn't have time to bring forth the man's name and other details, as other motorists took a dim view of the slowed down traffic. . .

Sports Scene

Every time I state that the fish just aren't biting, someone makes a prevaricator of me — Last Monday Doris and Baldwin Wilday, (Baldwin was enjoying a week's vacation,) took off for Hatt Moon quite late in the afternoon with son Davvy — Doris said the fish bit like mad — she didn't even have time to light a cigarette — they caught 81 lovely trout and returned to Boyon Caddy in short order — they were exhausted from pulling in the fish. . . and they bit so hungrily that Davvy

Mystifying Politics

The transfer by the Board of Supervisors three weeks ago of \$4,000 from the road and bridge maintenance fund of Beat 5 to Beat 4 to cover excess expenditures of Supervisor James Necaise of the latter beat is, we understand, a lawful transfer of funds through violation of a long standing gentlemen's agreement. The agreement split county funds for road and bridge maintenance equally between the beats and the individual supervisors handled them for their respective beats.

The transfer and the need for it does, however, mystify us in other ways. First, Mr. Necaise's road and bridge maintenance fund was in a financial squeeze by September last year. That being his first year on the board and his beat having probably more road and bridge problems than any other, we and many others felt his too rapid spending of his beat's funds understandable because of inexperience. This time it was not his first year and he spent money even faster.

In addition, other beats, including Mr. I. M. Frierson's Beat 2, which has almost no road and bridge problem and pays almost no taxes, still had money in their road and bridge maintenance funds, but only Beat 5's till was dipped into. This should mystify us, but prior actions during this year show rather conclusively that the board members from the non-populous and little taxed Beats 2, 3 and 4 are out to get Board President R. G. Hubbard of Beat 5 without regard for the welfare of the two-thirds of the county's people, who pay three-fourths of its taxes, represented by Mr. Hubbard. Whatever the board majority's reason for their action, to many, including us, this almost assures that come election time two years from now we will support Mr. Hubbard, since the majority's action indicates he is needed and needed badly. Also, we don't like to see our representative picked on.

This brings up another thing mystifying to us. Why don't the people of Beat 5 take matters into their own hands, which they can if they wish, and redistrict our county more equitably and at the same time give themselves a fairer shake?

We have heard many excuses ascribed for this failure of action but have heard no one who says he doesn't think redistricting is needed. The reason given for non-action range from: some political faction, unnamed, will lick it you can't get a plan everybody agrees on. In our opinion, if the matter came up, no political leader of Beat 5 or of the county would openly disagree as to the need for redistricting. Also, any reasonable plan for redistricting would be better than what we have and should be supported by any reasoning voter even if it differed from his preference.

We can think of two reasons for the lack of action by Beat 5 voters in this matter: (1) laziness on their part and (2) lack of an effective political leadership. Mystifying!

Our Limitations

Frequently we are asked why the Echo doesn't carry this or that item of news. Many of these complaints come from friends of the paper who do not realize our limitations—we are a county newspaper and not the New York (N.Y.) Times or the Christian Science Monitor, much less a combination of those papers with a county weekly.

If our readers want news of national, international or state importance they will have to look primarily to daily newspapers and national magazines. If they want news of local importance to Pearl River County they can buy the Picaune or Poplarville papers. If they want information about the happenings across the pond at Pass Christian, the Tarpon Beacon is an excellent source of such. But, ladies and gentlemen, remember we have our limitations even though we are a superior county newspaper.

St. Stanislaus College is certainly an asset to Bay St. Louis. Its Sideine Club has been a big help to the college in many ways and in particular has helped its athletic program including underwriting the newer stands in the stadium used by both St. Stanislaus and Bay High. For this project alone the club is still in debt for about \$3,000.

A major part of the club's fund are raised through membership and a member gets a whole lot for his \$10. So far this year the club has only one-fourth the members who joined last year.

Membership is a mighty good buy in many ways. Why not be one?

Tip to the sheriff: with the county's funds running low and some blame ascribed to you, what about checking up on those Hancock County residents, some with children in our public schools, who drive cars with Louisiana tags. Bet it could help the treasury some.

Lettersto the Editor
Editor, Sea Coast Echo:
Your pungent and correct editorial of July 20, 1961, entitled BUY MISSISSIPPI has just come to my attention.
Our firm is responsible for distribution in Mississippi of the two bodies built at Koochikoo - Superior.
Perhaps it would interest you to know, that regardless of price, quality, and Service, we fight the Battle of Armageddon every year in our efforts to make a creditable sales showing. Our adversaries are corporations from Georgia, North Carolina and Indiana, represented by excellent salesmen. These corporations pay no taxes in Mississippi. Since schools are exempt, the, even pay no sales tax. We as Mississippians do pay sales tax on bus bodies made in Mississippi. Not being able to charge it to schools, our firm has to absorb it.
We guarantee that no better bus can be bought and that Superior will cost no more - if as much, nevertheless, it appears that of the approximately one million dollars of Mississippi tax funds spend this year for bus bodies, less than 30 per cent of these tax funds will be spent for a fine Mississippi product.
I still remember what a grand reception you and your fellow citizens gave us as a Col. MIM when we visited you good people a few weeks before the Georgia purchase. I guess it was my fault that your county tax dollars went to Georgia, or to Indiana, or to North Carolina. It seems that I am unable to convince our boards and superintendents of the importance of spending a larger portion of their school bus body money in Mississippi with a Mississippi manufacturer.
Anyway, we appreciate your views.
Sincerely yours,
SUPERIOR SALES CO.
SAM L. JONES
Manager
P. S. Perhaps it would make a more effective salesman of me if you would pass their reasons for buying Georgia to me by mail.
Thanks,
S.L.J.

LIFE ALONG Father Wade Assumes Post At St. Rose PEARL RIVER

HENRY OTIS Phone 2864

Dr. and Mrs. Bryan Lulkart and their five children of Baton Rouge visited Mrs. Lulkart's mother, Mrs. Pauline West, Sunday and had lunch there enroute to visit a few days on the coast.

Recent guests of Miss Shirley Martin were Miss Deborah Williams of New York City and Miss Diane Bernard of New Orleans. After a short stay in Logansport, the three young ladies drove over for sightseeing and dinner at the coast, then Miss Fountain returned to New Orleans with them for a visit of several days.

We remind students of Logansport School that they are to register this Friday, and classes will begin next Tuesday, Sept. 5. Miss Alma Parker visited her sister and brother-in-law, Mr. and Mrs. A. E. Carver in Gulfport, for several days.

Mrs. J. L. Summers and her daughter-in-law, Mrs. Russell Summers of Picayune and her son recently visited Miss Lillie Summers and Mrs. Lollie Wright.

We were sorry to hear that Miss Rita Whitfield recently fell in the yard of her home here and seriously injured her back. She returned home after a short stay at Touros Infirmary, but will be delayed several days returning to her position as teacher in the Sulphur, La., city school system.

Trees Are Eternal

Mississippi's commercial forests now cover 17,200,000 acres, about 57 per cent of the total area in the state, as she leads the nation in the number of her tree farmers.

A tree farm is defined as an area of privately owned, tax-paying woodland dedicated to the continuing production of forest crops under sound cultural conservation and reforestation practices.

The tree-farm movement, started only nineteen years ago, has already succeeded in growing timber in Mississippi faster than it is being cut, as it makes a substantial contribution to industry in the manufacture of lumber, paper and countless other wood products.

Three-fourths of the woodland in the state is in the hands of small owners - farmers, merchants and businessmen. The youngest tree farmer is five years old, whose father, a forester, bought her a 20-acre plot when she was eighteen months old, on which were planted 15,000 seedlings to help pay for her education.

The oldest tree farmer is aged 94, who set out 5,000 seedlings when he was 87, for security in his old age. The largest tree farm in the state covers 12,000 acres.

Originally the prosperity of South Mississippi sprang from a pine tree economy. Our Coast counties thrived primarily on what came out of the woods and out of the sea.

The tremendous advantage of a pine tree economy is that it can so easily be made permanent. Minerals once taken from the earth are soon exhausted and are irreplaceable. The soil, sun and rain that once produced timber can do it all over to make our forests perennial. Trees are eternal.

No single community achievement in our time means more to our continued prosperity than the propagation and preservation of our forests. If we will replant denuded areas, keep out the fires, and give nature half a chance, we will produce a perpetual crop that can be harvested year after year through the generations to come. As producers and conservers, let's help the elements build for a more abundant future on the Mississippi Coast.

Teen times

Vacation is fun - so much to do.

Long, lazy days and worries are few.

As September nears, and it's almost due.

When the school bell tolls it tolls for you.

As you, and you—so enjoy yourself, 'tis later than you think.

The final vacation weeks have been so full of activity that it's hard to know just where to start.

The Mule Annual drew a large attendance for every performance - perhaps the appearance of Nita Kay Erwin, Bob Hubbard and Wayne Lander accounted for the presence of so many men.

As the younger set each night, Nita Kay was very calm about the whole thing, as she and Mildred Parker managed to get in a couple of sets of tennis at City Hall Court Saturday. Of course Nita has danced before the public for years, but this was her first dramatic performance.

Members of the yacht club's summer sailing classes were honored at a chicken dinner at the club Saturday. Jim Gilly, who with his parents returned to their home in New Orleans Sunday, was very proud of his trophy.

Dianne Anderson who has been the guest of Linda Munch for three weeks, returned to her home in Mobile, Ala., Sunday. The girls have been busy during her visit. Thursday they joined Claire Hayward for a swim off the Hayward's pier. Linda entertained at a party for Dianne last week. The guests enjoyed punch, cookies, popcorn and dancing. The guests included Melva Luke, Jeanne Saucier, Johnny Penton, Ronnie Ferrell, Dottie E. S. a. p. a., Phyllis Oliver, Carol Ann Bourgeois, Barbara Noonan, Pat Leather, Claire Hayward, Betty Kidd, Jimmy Armstrong, Tommy Hayward, Michael Gowan, Buddy Everett and Henry Heitzmann.

Thursday night Linda and Dianne attended a party hosted by Lydia Dillmann.

Happy birthday to Lynn Landry of New Orleans and Waveland. She celebrated at a barbecue on the big day, Saturday, Aug. 19.

Coast Electric

Coast Electric Power Assn. made 43 new connections during the month of July in Hancock County. Those now receiving Coast Electric Service are:

Viring Causes Fire

A small attic blaze at the home of Albert Kranke, 322 St. John St., about 7:15 p.m. Tuesday was attributed to overloaded wiring, according to Fire Chief Frank Quintini.

Korson went horseback riding last Friday. Vivian's current romance appears to be running smoothly. As does that of Sibyl Hite and Kenny Develle.

Congratulations to Georgette Stelz. Georgette, who plays with Jerome's softball team, was selected as a member of the All-Star team.

Delta Jacobi just can't win for losing. Having recuperated from surgery earlier in the summer, she lost control of her car last Wednesday, ended up in a ditch—the car a wreck and her face is just about the same condition. Bruises, cuts and black eyes, and just when a very important young man was scheduled to arrive from Texas for the weekend.

Henry Develle can smile once more. He's proudly displaying a brand new 'store bought' tooth which replaced the one lost several months when a pellet from a BB gun removed a central incisor. At least that's what I think that particular tooth is called.

Dorcel Russel is one very fortunate young lady. Her 14th birthday, which she celebrated on Aug. 17, was quite an occasion. In addition to many other gifts, she received a diamond wristwatch. She spent the day with her Aunt Catherine (Britt) in New Orleans took in Pontchartrain Beach and saw 'Hoss' and 'Little Joe' of Bananza fame, then topped off the day with dinner at the Blue Room.

Jimmy Shippey - he's spent his vacation doing a variety of things which included subbing for his mother as Mrs. Mollere's secretary to cutting grass, leaves for Mississippi State on Sept. 15.

The Mayfields, Jimmy, Tier, Tom and George arrived in New Orleans via Delta Airlines Monday after visiting their paternal grandparents in New Albany, Ala.

Carol Falgout of New Orleans was a recent guest of her cousin, Mrs. Sam Blanchard and Mr. Blanchard.

Birthday greetings to Pamela Smith—she was 12 Saturday, and celebrated at an informal party at her mother's shop, Eileen's Fashions, The Waveland Bakery. Stappletons baked an extra fancy cake for the occasion.

Ned Mocklin was Elaine Davis' escort Friday night at the seafood dinner at St. Stanislaus.

We're losing another of our eligible young bachelors - Freddie Bourgeois and Linda Robertson of Jackson, take the fatal step in Linda's home town on Sept. 30, Linda was honored at a lovely shower Sunday at the home of Mrs. John Munch.

Mary Lou Herlihy is this week's Happy Birthday gal—she was feted at a surprise beach party last Friday night given by Jane Ferry and Ellen Colson. Helping Mary Lou celebrate arriving at the ripe old age of 16 were Tunnell Backlund, Carolyn Zeigler, Mary Ann Steele, Martha Lynch, Ann Langley, Charlotte Price, J. D. Bourgeois, Mickey Ballard, Ed Ruhr, Gene Francis and George Ferry-Mrs. Ferry and Mrs. Herlihy chaperoned. Refreshments included a lovely cake, lemonade, hurricane punch, cookies, potato chips and dips, and watermelon.

LITTLE LEAGUE 13-16 ALL STAR SQUAD

Kidd, Schultz Combine To Pace Scoop Victory

The Sea Coast Echo Scoops halted a sixth inning rally by Summy Signs a 6-3 victory over Summy, their second in a row, to win the Little League 13-16 playoff championship in the best two-out-of-three series. The Scoops won the first game of the series Wednesday afternoon 9-3.

The Scoops took a 2-0 lead in the bottom of the first inning. Successive walks to Ray Chinnich, Harvey Mitchell and Lonnie Schultz loaded the bases and the first run came across on Danny Henry's bunt single. The other run in the inning scored when pitcher Earl Fayard committed a balk, advancing each baserunner one base.

The Echo boys added another run in the second on two consecutive Summy errors and picked up a fourth run in the last of the third on a single by Lonnie Schultz and a double by Johnny Penton. In the fourth inning, Ray Chinnich doubled to start a rally, and although Chinnich was caught stealing at third base, Harvey Mitchell singled and Schultz followed with a double, making the score 5-0.

Lefty Ray Kidd went into the sixth inning with a five-hit shut-out for the Scoops, but, after walking only one batter the first five frames, he hit a short wild streak in the sixth. Earl Fayard was safe on an error and Kidd walked Donnie Freeman and Darrell Kennedy to load the bases, and Bruce Cox promptly cleaned the sacks with a long double into left centerfield. After Rufus Hill walked, Kidd got out of further damage, however, by striking out the next batter.

The Scoops made their final run, an insurance marker, in the last of the sixth on a walk, an

error, and a single to center by Paul Pursley.

Kidd went all the way on the mound for the Scoops. He allowed six hits, walked four and struck out seven, in getting credit for the victory. Fayard started for Summy. Sam Allison relieved him in the third, and Fayard returned to the mound in the fourth. Fayard was charged with the loss, allowing five of the Scoop runs, four hits, walking six and striking out four in 4 2/3 innings of pitching. Lefty Allison, in 1 1/3 inn-

Chippy Henry Steals Scoops to Victory

Chippy Henry, who stole bases all afternoon, scooted home after stealing from first to second to third to break up a tie game and give the Sea Coast Echo Scoops a ninth-inning 5-4 victory over an all-star team from the other three teams in the 13-16 division of the Little League in the annual all-star game for that age group Sunday afternoon.

In a game featuring good pitching by both teams, the All-Stars got off to a quick 1-0 lead in the first inning when Earl Fayard blasted a long home run over the rightfield fence. The added a run in each of the next two innings to make it 3-0. The Scoops broke the ice with two runs in the fourth and after the All-Stars got one in the top of the sixth, they tied the score in the bottom of that inning with two runs. This ended the scoring until the ninth when the league champion Scoops pushed across the winning run. Ray Kidd was the winning

pitcher for the Scoops. Starting hurler Danny Henry was injured in a collision with catcher Harvey Mitchell early in the game, and leftyhander Kidd took over in the fourth. Mike Strong of Fahey Drug and Leslie Blalze of Youth Center worked on the mound for the All-Stars.

The all-star team picked to play the Scoops was chosen from the other three teams, Summy Signs, Fahey and Youth Center. Five players were chosen from each team, making up the 15 man squad.

Picked to play from Summy Signs were: Sam Allison, Earl Fayard, Stevie Kidd, Donnie Blalze and Ned Heath.

Representing Fahey Drug were: Mike Strong, Doc Rhodes, Charles Breland, Terry Dausau and Jerry Thomas; while from Youth Center were Leslie Blalze, Pat McGinity, Ross Maurigi, Sammy Carver and Vincent Cuevas.

Individual awards were presented to those voted most outstanding with the Kiln Youth Center Fair this weekend.

OLG Beats Moran's

Our Lady of the Gulf defeated Moran's 7-4 Thursday night to sweep their best three-out-of-five series and win the playoff championship of the local women's softball league.

OLG, last-place finishers in regular league play, completed their playoff conquests which saw them lost a game neither in semifinal or final competition. After sporting a 6-6 record in regular season games, they took two straight wins from Jerome's, both shutouts, in semifinals, and then beat Moran's three in a row in the finals.

OLG got off to a fast start Thursday night, scoring three times in the initial inning. Moran's came back with a run in the top of the second but OLG matched it in the last of the inning. Moran's tied the score with a three-run rally in the fourth only to see OLG score three themselves in the bottom of the fifth, for a 7-4 lead. Moran's was held scoreless in the sixth and OLG walked off the field with the championship.

Dale Sellier went all the way on the mound for OLG, allowing eight hits, to gain credit for the pitching victory. Bertie Fay Cameron was the losing hurler. Dale Sellier aided her own cause with two hits in three batters, but teammate Faye Monti was 3-3 to lead OLG at the bat, one of the hits being a home run. Bertie Fay Cameron was 3-3 for Moran's.

Don Lusich, president of the local league, presented both individual and team trophies to winners following the game.

The first place team trophy for regular season play went to Moran's, while the regular league runner-up trophy was presented to Jerome's.

Individual awards were presented to those voted most outstanding with the Kiln Youth Center Fair this weekend.

Crime Front Mild

With the exception of several minor auto accidents and other traffic violations, little activity is reported this week from the office of Sheriff Gerald V. Price.

Four Louisiana juveniles, two boys and two girls, have been turned over to New Orleans authorities after they were arrested last Friday night near Devil's Swamp on U. S. 90 on charges of malicious mischief after they took a car belonging to Mrs. Mary Stewart from the Bay Bowling Center.

Gail Stewart, her teenage daughter, and a companion saw the group take the car and took out after them. Chief Deputy Gerald V. Price, Jr., said the two girls apparently forced the stolen car off the road. The four ran in the swamp and were apprehended several hours later by a search party comprised of Price, the Sheriff, Beat 1 Constable Harlan Dean, Highway Patrolman C. G. Blanton and Deputy Sheriff Gerald Favre.

An attempt to sell two new typewriters at suspiciously low prices resulted in the arrest early Wednesday afternoon of four Florida persons by Deputy Favre.

The officer reported he

The persons are in county jail and have been charged with shoplifting. No date has been set for their hearings.

They are James Pearce, alias James Holt, 26; Mary Pearce, about 26; Nelda Picheo, about 30; and Murray E. Brown, 34. Pearce is also charged with having no driver's license, possession of stolen goods and illegal possession of firearms.

The sheriff asked the board to consider the request of last week from a Negro group to lease 16th section land adjacent to Gulf-side Methodist Assembly for a recreation area. He said he believed providing such a facility was in the best interest of race relations in the county. R. G. Hubbard, Jr., board president, noted that the group did not want to meet the board's price, and was not local.
